Job Printing.

We are prepared to give prompt attention to all kinds of Job or Book printing. Any description of blanks, receipts, bill heads, store, station or jack bills can be forthcoming on the shortest notice, in the most approved style, and on reasonable terms.

To Contributors.

As our design is to make our paper one that will be of interest to all engaged in the different departments of active industry in every part of the county, we respectfully solicit the co-operation of our intelligent citizens throughout its limits. And being especially desirous of promoting the farming interests of Dubois, items in any department of agriculture are particularly solicited. Please send us all the news, incidents, general information, and mineral discoveries in your respective neighborhoods.

GRATIS NOTICES.—We publish notices of marriages, deaths, &c., gratis, and would like to record all which occur in the county. Ministers, or others, who officiate on such occasions, will confer a favor by sending us a notice immediately.

ORGAN DEDICATION.—The splendid new organ of the Catholic Church in this place was dedicated last Sabbath, with all the imposing and solemn ceremonies of the Church. The organ is one of the best in the West, and was played with great ability. After the dedication ceremony, an excellent discourse, full of research and deep thought, and calculated to impress all who heard it with the solemnity of organ music, was delivered in a clear and forcible style by Rev. P. Bede O'Connor, when a very liberal collection was taken up.

TRI-WEEKLY MAIL.—Through the exertions and influence, to a great extent, of our energetic and attentive Congressman, Hon. W. E. Niblack, we have now the great additional mail facilities of a tri-weekly mail from here to Logansport—the mail leaving here Mondays, Wednesdays and Fridays, and arriving Tuesdays, Thursdays and Saturdays. This arrangement brings us within two days of St. Louis and Cincinnati, and is a great help to our business community. If the enterprising contractor, Mr. Joe Ackerman, would run some kind of conveyance for passengers, in connection with the mail, we have no doubt but it would prove a very profitable route.

SCHOOL CLOSED.—The summer session of the school in this place taught by the Sisters of Charity closed last week, and the teachers have left for their headquarters at Vincennes. We understand that three young ladies, daughters of our citizens, have connected themselves with this praiseworthy society, and gone with the teachers. We understand the school here will be re-opened in a few weeks.

General Quitman Dead.

General JOHN A. QUITMAN, a Representative in Congress from Mississippi, died at his residence near Natchez on Saturday last, the 17th instant, of the disease contracted at the National Hotel last fall. General QUITMAN was a brave, gallant and accomplished soldier, and rendered distinguished services in the war in Mexico. Although maintaining extreme Southern views upon national policy, Gen. QUITMAN was frank, manly and patriotic. He was a man of great energy, firmness and decision, with abilities of a high order. His death is a public loss.

J. Stainer, Harrisburg, Pa., proposes to cross the Atlantic in a balloon, one hundred feet in diameter. He says in a letter to the Telegraph:—

I am satisfied in my own mind that with such an apparatus I could cross the Atlantic in seventy-five hours, and the whole cost would be not more than \$20,000. The balloon, network and valve would weigh about two thousand pounds, and the boat and rigging three tons and a half; this will leave about eight tons ascending power, for provisions, passengers, and ballast. It would require three good ocean navigators, and one astronomer, besides myself. I would suggest New York as the starting point, and am certain I would strike within two hundred miles of any given distance in Europe. I would suggest May as the time for making the experiment, and would make the attempt in 1859 if I could get the Government or others to assist me.

A merchant of Hamilton recently laid out a considerable sum in advertising for the purpose of determining the advantages which would result from it. He informs us that from the investment of about \$30 he has made a clear profit in one week of about two hundred dollars. He is satisfied that the above is put at a low figure, and then there is the advantage hereafter to be derived from it.—Ex.

Why is the Demand so Great for
OUR CHILLS AND AGUE BALSAM?

Because it will, in all cases, safely and effectually cure that much dreaded scourge of the West—Chills, Fever and Ague—without fail, and in cases will counteract the poison of Malaria, of which fact thousands do testify; and, unlike all other nostrums, it is only recommended for one class of diseases, and as a tonic it is unsurpassed. We will offer a few evidences of its worth, by men of influence and high standing.

PRINCETON, ILL., Sept. 20, 1857.
Dr. Mann—Dear Sir: For several years past I have used your Ague Balsam in my daily practice, and have closely observed its effects in hundreds of cases, and in no case has it failed to produce the most happy effect. I can most cheerfully recommend it as a certain specific for chills, fever and ague, and malarious diseases.

Truly Yours, H. AUSTIN, M. D.
MARSHALL, NICH., Feb. 11, 1857.
Dr. Mann & Co.—I have sold a large amount of your Ague Balsam in this vicinity and from my personal knowledge of it, I believe it the best remedy for chills, fever and ague that has ever been sold in our state.

Respectfully Yours, O. A. HYDE.
ASHTABULA, Ohio, Jan. 1st, 1858.
Messrs. S. K. Mann & Co.—Gents: In canvassing the states of Ohio and Michigan for the sale of the different remedies of which we have control, our attention has been called to observe the great name that your ague balsam has gained for itself in every place where sold. It really seems to be the people's own remedy, and its sales more rapid than all others. It is destined to supersede all other ague remedies in the market.

Very truly yours,
A. S. HENRY.

NEW YORK, Feb. 23, 1858.
Messrs. S. K. Mann & Co.—Gents: I have at our house in St. Louis sold your ague balsam some three years, and have carefully observed its effects in curing, and must in all candor say, I do not believe its equal exists in all the world of medicines. To my personal knowledge it has cured permanently every time, and I have known it used after all other remedies have been tried in vain, with the most happy result; and what is more remarkable I have never known a case but what remained cured, for at least that season. I have no hesitation in recommending it as a perfect triumph over chills and fever.

Respectfully Yours,
DR. O. J. WOOD.

MORE TO BE ADMIRER THAN THE RICHEST DIADDEM

EVER
Worn by Kings or Emperors

WHAT! WHY A BEAUTIFUL HEAD OF HAIR. Because it is the ornament God Himself provided for all our race. Reader, although the rose may bloom ever so brightly in the glowing cheek, the eye be ever so sparkling, the teeth be those of pearls, if the head is bereft of its covering, or the hair be snarled and shrivelled, harsh and dry, or worse still, if sprinkled with gray, nature will lose more than half her charms. Prof. Wood's Hair Restorative, if used two or three times a week, will restore and permanently secure to all such an ornament. Read the following and judge. The writer of the first is the celebrated pianist, Thalberg:

New York, April 19, 1858.

Dr. Wood—Dear Sir—Permit me to express to you the obligations I am under for the entire restoration of my hair to its original color; about the time of my arrival in the United States it was rapidly becoming gray, but upon the application of your Hair Restorative it soon recovered its original hue. I consider your Restorative a very wonderful invention, quite efficacious as well as agreeable. I am, dear sir, yours truly,
S. THALBERG.

"Drych's Gailydydyet,"
Welsh Newspaper office, 13, Nassau st,
April 12, 1858.

Dr. O. J. Wood—Dear Sir—Some month or six weeks ago I received a bottle of your Hair Restorative, and gave it my wife, who concluded to try it on her hair, little thinking at the time that it would restore the gray hair to its original color, but to her as well as my surprise, after a few weeks' trial it has performed that wonderful effect, by turning all the gray hairs to a dark brown, at the same time beautifying and thickening the hair. I strongly recommend the above Restorative to all persons in want of such a change of their hair. CHARLES CARDEW.

New York, July 25, 1857.

Dr. O. J. Wood: With confidence do I recommend your Hair Restorative, as being the most efficacious article I ever saw. Since using your Hair Restorative my hair and whiskers, which were almost white, have gradually grown dark; and I now feel confident that a few more applications will restore them to their natural color. It also has relieved me of all dandruff and unpleasant itching, so common among persons who perspire freely.

J. G. KILBY.
Dr. Wood—Two years ago my hair commenced falling off and turning gray; I was fast becoming bald, and had tried many remedies to no effect. I commenced using your Restorative in January last. A few applications fastened my hair firmly. It began to fill up, grow out, and turned back to its former color (black). Now it is fully restored to its original color, health and appearance, and I cheerfully recommend its use to all.
J. D. HOES.

Chicago, Ill., May 1, 1857.

The Restorative is put up in bottles of 3 sizes, viz: large, medium, and small; the small holds 1/2 a pint, and retails for one dollar per bottle; the medium holds at least 20 per cent more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for \$3.
